	TENDER FOR DESIGN, SUPPLY, INSTALLATION, TESTING AND COMMISSIONING OF NITROGEN GAS GENERATOR WITH 5-YEAR NON-COMPREHENSIVE AMC AT BNPM, MYSURU. CORRIGENDUM NO. 1	

1.0 SCOPE OF THIS CORRIGENDUM

1.1 This corrigendum dated 08.04.2026 is issued for,

(a) Clarifications to queries received against the tender/raised in the pre-bid meeting held on 02.04.2026,

Clause reference & Particulars	Query	Clarified as
<u>Section VII – Technical Specifications:</u> S No (27) – Statutory Compliance Statutory compliance requirements for the proposed Nitrogen Gas Generator under Petroleum and Explosives Safety Organization (PESO) and Central/State Pollution Control Boards (PCB's) (if any required) shall be in the scope of the successful bidder. BNPM's role shall be limited only to providing assistance to successful bidder in meeting such compliance requirements.	As such in many of our customer even for both LP / HP N2 storage tank we have not provided PESO certifications as the gas is being used continuously for process. Incase if any statutory needed on the from agency part will be taken care by us. Any requirement from your side we shall let you know like civil, space, etc.	If required, obtaining statutory compliance shall be in the scope of the successful bidder.
<u>Section VII – Technical Specifications:</u> General: Test Certificates	All equipment will be submitted with TC/ MTC as per OEM standards.	Yes. All equipment should be submitted with Test Certificate/ Material Test Certificate as per OEM standards.
<u>Section VII – Technical Specifications:</u> General: Electricals	We need individual power connections for each machine & the requirement will be informed to you. Pls clarify	BNPM will provide battery limit from single point.

BNPM/NCB/570/2025 -26	BANK NOTE PAPER MILL INDIA PRIVATE LIMITED	SHEET 2 OF 2
	TENDER FOR DESIGN, SUPPLY, INSTALLATION, TESTING AND COMMISSIONING OF NITROGEN GAS GENERATOR WITH 5-YEAR NON-COMPREHENSIVE AMC AT BNPM, MYSURU. CORRIGENDUM NO. 1	

Clause reference & Particulars	Query	Clarified as
	should we have to consider battery limit from your side as single point JB or should we have to consider JB & distribution in our scope.	
<u>Section VII – Technical Specifications:</u> General: Compressor Duction	If compressor ducting is required after assessing the site location, should we have to consider in our scope or your scope.	If required based on the design, the same shall be in the scope of successful bidder.

- 1.2 Except for details mentioned herein, all other details contained in the tender no. BNPM/NCB/570/2025-26 dated 24.03.2026, shall remain applicable and unchanged.
